OUR BRANDS

Empowering Partners Since 1997

TLM International FZE is a leading value-added distributor of Information and Communication Technology (ICT) covering the Middle East & Africa region.

With over 350,000 sq ft of distribution facilities in the Jebel Ali Free Zone, Dubai, TLM has the capacity to efficiently service partners globally. Established in 1997, TLM has built a network of over 1,500 resellers and solution partners, ranging from small independent businesses to large international system integrators.
